A woman and a child are relaxing in a hot tub on a wooden deck. The hot tub is white with a grey base and is filled with blue water. The deck is made of light-colored wood and has a white railing with a dark wood handrail. In the background, there is a swimming pool with a black metal fence around it. The scene is set in a backyard with a white lattice fence and some greenery.

Enjoy Peace and Serenity Every Day with a **Hydropool Serenity Hot Tub**

Medical evidence proves that regular use of a hot tub is not only relaxing and fun... it is healthy as well. Hydrotherapy is good for your body and soul. It helps release the stress and strain of your busy lifestyle. Get in a Serenity Hot Tub and you will feel the benefits of hydrotherapy, warm soothing water, invigorating and pulsating jet streams and natural buoyancy. Enjoy day and night, inside or out, by yourself or with family and friends... life with a Serenity Hot Tub is just a whole lot better.

Some of the Benefits of Hot Tubs Include:

- Soothes tired & aching muscles.
- Relieves arthritic & migraine pain.
 - Relieves stress & tension.
- Helps you work, play & sleep better.
- Helps rekindle romance & friendships.
 - Brings families together.

A Hydropool Serenity Hot Tub Will Help You Feel, Work, Play and Sleep Better!

Start Your Day Off Right

Imagine how much better your day will start when you slip into your own Hydropool Serenity Hot Tub for a few minutes each morning. Your circulation will improve, your muscles will relax and feel better, and your state of mind will be enhanced. You will be better prepared to face a hectic day at work, a workout at the gym or a round of golf at the club.

Soothe Those Tired and Aching Muscles

The heat of your Hydropool Serenity Hot Tub results in collagen tissue becoming more flexible, benefiting many people with arthritic symptoms. Doctors have advised people with arthritis that soaking in warm water several times a day relaxes muscles and joints and helps induce restful sleep. The resulting stress and muscle tension relief has also led many migraine sufferers to claim that hot tub use reduces the frequency and severity of their headaches.

Relieve Stress and Relax

When you're relaxing, you enjoy life more. It is easier to converse, share intimacies, smile and laugh. You'll look forward to your times in your hot tub. A Hydropool Serenity Hot Tub is also a great way to spend quality time with friends and family as your guests will leave relaxed and with fond memories of time spent together in your hot tub.

Sleep Better

The heat, improved blood circulation, tension relief, and quicker lactic acid dissipation will result in a comforting state of relaxation and tranquility, assisting you to sleep better at night.

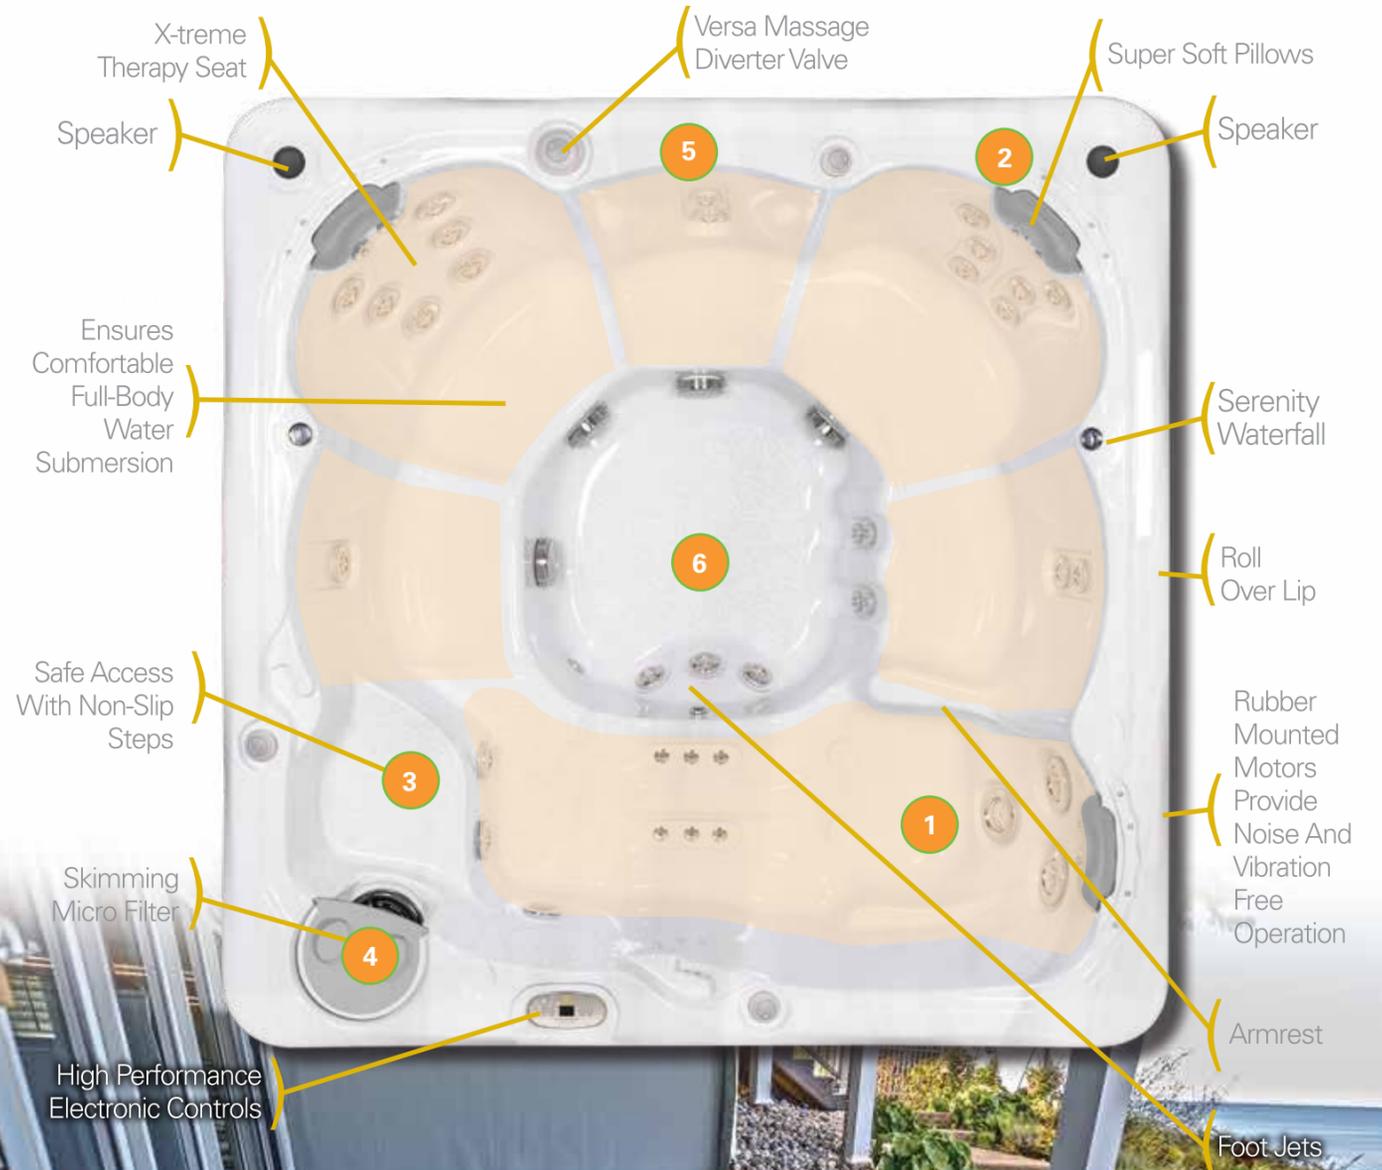

Designed and Engineered For Performance.

For over 35 years, Hydropool, the manufacturer of Serenity Hot Tubs, has evolved with what we call "continuous engineering." We strive to be the best and nothing less will do. The result is a hot tub renowned worldwide for quality and performance. All Serenity models are ergonomically designed for full body support and comfort. With soft, comfortable pillows that gently support your head and neck, while wide lumbar support cradles your body. Serenity's Clean & Clear micro filtration surpasses all other water treatment systems for ensuring pure, clear water with low maintenance and reduced chemical usage. The system does this by combining efficient, effective filtration, water circulation and skimming process.

- 1 Never Float Lounger
- 2 Super Soft Pillows
- 3 Safety Steps
- 4 Clean/Clear Skimming Micro Filter
- 5 10 Year Worry-Free Structural Guarantee
- 6 Large Foot Wells

The Science of Immersion.

The **Zone Logic** behind Hydropool Zone Therapy is personalized usage of the hot tub to help you benefit from a general sense of well-being. We are all unique individuals and our genetic make-up and lifestyles all play a role in defining our sensitivity to a release of various tensions.

There are four elements that make-up each zone...

1 TYPE OF JETS

- The type of jet is crucial to a proper massage.
- Our E55 Jet is designed purposely for a deep tissue massage and our E40 Jet is designed for a gentle massage.

2 JET PLACEMENT

- Our Hydrotherapy jets are specifically designed for each zone so that the superior benefits of hydrotherapy are achieved.
- Different jet patterns are designed to work different muscle groups.

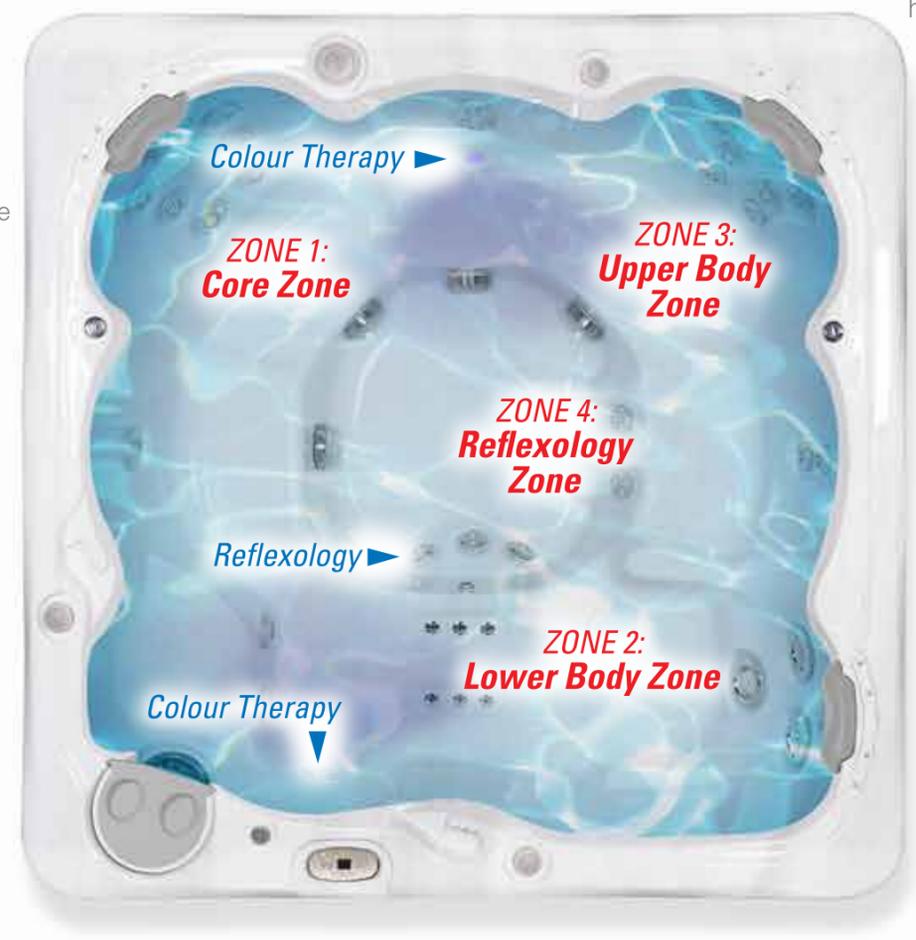

3 SEATING... DESIGNED AROUND YOU

- Designed to work with your body's natural structure and functions to provide maximum comfort and functionality.
- Our ergonomic seats support the skeletal structure so that the muscular system doesn't have to; it removes stress from muscles and joints so that the body relaxes.

4 DURATION IN SEAT

- The last component of Zone Therapy is duration of time that a person spends in each seat of the hot tub.
- Duration in seat combined with the sequence of seats is critical to the performance of the Zone Therapy.

Through our solid understanding of **Zone Hydrotherapy** and ergonomics of the human body Hydropool has taken the science of immersion to the next level. This constant innovation

has created a line of hot tubs that allows them to interact with the human body in the most natural and effective way possible with the introduction of Zone Therapy.

1

ZONE 1: Core Zone ACTIVATION OF THE PARAVERTEBRAL MUSCLES

- Vertebral fatigue contributes to headaches.
- Release tension in dorsal muscles.

2

ZONE 2: Lower Body Zone ACTIVATION OF LEG & LUMBAR MUSCLES

- Promotes improved circulation in lower part of the body.
- Allows for venous return & lighten legs.

3

ZONE 3: Upper Body Zone ACTIVATION OF UPPER BACK, NECK & SHOULDER MUSCLES

- Eliminate tension in trapezoid muscles & neck.
- Release tensions in solar plex area.

4

ZONE 4: Reflexology Zone ACTIVATION OF FOOT ARCH MUSCLES

- Deeply massage the small venous areas in your foot arch.
- Your feet take the brunt of most sports.

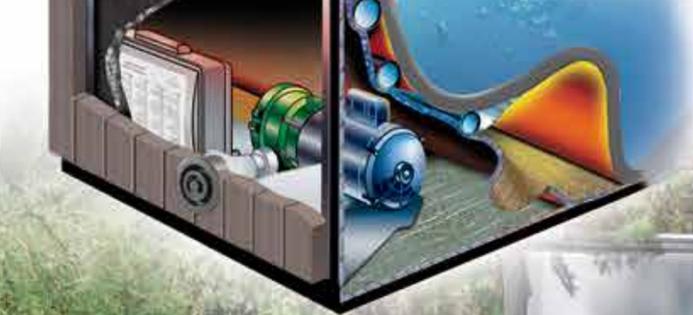

The Evolution of Hydropool HydroTherapy and How Our Zone Therapy Came To Be.

- 1999 First Captains Massage Chair.
- 2004 HydroSequence Massage.
- 2007 Bearing Less Jets.
- 2008 Consult with Physio/Athletic Therapists.
- 2009 Zone Therapy is born.
- 2010 Ergocentric Seat Design & Zone Jet Patterns.
- 2011 Launch Advanced Therapies in consultation with Wellness Centres.
- 2012 Launch Wellness Guide with Wellness Programs.
- 2015 Introduce E-Class Jetting.

Engineered To Be The Most Energy-Efficient Hot Tub Built In The World...

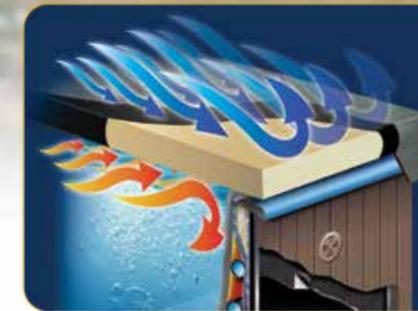

Serenity's HydroWise Thermal Shield Insulating System.

Our innovative HydroWise Thermal Shield Energy Efficient Insulation along with our superior 4 inch HydroWise Hard Cover keeps the heat in and the cold out. Combine this with the fact that our hot tubs are engineered to be the most energy efficient in the world, providing 100°F / 37°C... **for just pennies a day.**

1 Programmable Controls

Your Hydromax Hot Tub does not need to continually operate. Select your desired water temperature and the hot tub automatically maintains this temperature while ensuring that your hot tub is automatically conserving as much energy as possible.

2 HydroWise Heat Shield Hardcover

- **MADE FOR CANADIAN WINTERS**
- Heavy Duty tapered lockable safety hardcover.
- Insulated baffle in the fold area.
- Locks the heat in and the cold out.

3 Insulated Thermal Shield Blanket

- Triple Thermal Shield Technology (pipes, cabinet and floor).
- Reflective foil side of Thermal Shield reflects the heat back into the hot tub.
- Black side of Thermal Shield and pipes designed to absorb heat.

4 Low Amperage Evergreen Pumps

- **HIGH FLOW – LOW ENERGY PUMPS**
- Pumps that are engineered to produce high flow rates with low energy output.
- Eliminates need for circulation pump.
- Super quiet operation.

5 Eco Heat Exchange Technology

- **FULLY ADJUSTABLE VENTING**
- Each pump creates 1.5 kw of waste heat and our HydroWise Thermal Shield blanket reflects that heat back into our hot tub cavity.
- HydroWise Thermal vents maximize energy efficiency for any season and any climate.

6 Designed To Exceed California Regulations

- **SETTING THE STANDARD**
- Ranked in the top 3 in the world for stand-by wattage and energy efficiency.
- One of the first to be approved under the strict state of California approvals.

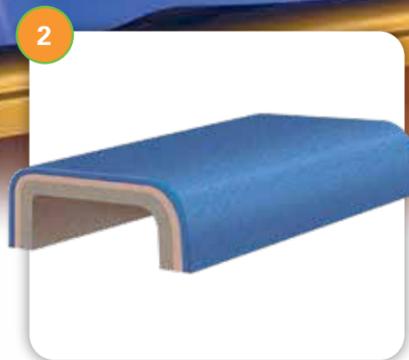

Hydropool's Serenity Hot Tubs...

Are Well Equipped With Sixteen Standard Features.

1) World Famous Comfortable and Spacious Design

Each and every Hydropool Serenity Hot Tub mold is hand crafted by our experienced designers and is carefully thought out to provide the ultimate in comfort, safety and versatility.

2) Three Stage Acrylic and Polymer Shell

All Hydropool Serenity Shells are vacuum formed from the finest acrylic available today. After the acrylic is vacuum formed, a layer of vinyl ester based glass loc fiberglass is applied to ensure perfect bonding of the finished shell structure to the acrylic. Finally, several layers of polyester based glass loc fiberglass are applied to make one of the strongest hulls in the industry.

3) Stainless Steel Versa Massage Hydrotherapy System

The ultimate in Hydropool's "Versa Massage System" is the ability to customize the intensity of the hydrotherapy to ensure optimal relief for your specific aches, pains or injuries. Hydropool Serenity Hot Tubs are designed with a variety of different stainless steel massage jets to ensure that your stress is released and you receive maximum enjoyment from your hot tub.

4) High Performance Heater

This corrosion-free and long lasting heater housing contains a fully immersed 4 KW heating element (3 KW in Europe) that warms the water up quickly and efficiently maintaining your favorite water temperature.

5) Electronic Soft Touch Controls

Electronic controls are at the heart of every Hydropool Serenity Hot Tub. You will have peace of mind and be assured that you have full control over your hot tub to provide worry-free enjoyment.

6) HydroWise Insulating Hard Cover

Hydropool locks in heat and keeps unwanted persons out with one of the industries finest safety hardcovers. The safety hardcover measures four inches thick in the middle and tapers to three inches on each end.

The marine grade vinyl cover is lockable to prevent it from opening in windy conditions while keeping small animals and children out.

The taper to each end allows any snow and water to run away from the hot tub.

7) Standard LED Lighting

All Hydropool Serenity Hot Tubs include the added convenience and reliability of Hydropool's LED lighting features lights that sequence through blue, green & red.

8) Automatic Water Purification (Ozone) Ready

When mixed with water, ozone is a highly effective oxidizer that assists in removing unwanted contaminants from the hot tub water. Hydropool Serenity Hot Tubs are outfitted with all of the electrical circuits and plumbing to simply add on this very popular and convenient option.

9) Truss Supported Cabinetry With Removable Panels

This high quality cabinetry is installed onto a truss supported solid frame for the ultimate in strength and durability. In the unlikely event that you require access to the hot tub plumbing or equipment all four panels are removable for easy service access.

10) Polymer Base

The entire footprint of every Hydropool Serenity Hot Tub is sealed off with a weather resistant polymer base. The base is snugly fastened to the wood support structure and is designed to keep out unwanted animals and pests while keeping the heat in and protecting the hot tub from the elements.

Hydropool's Serenity Hot Tubs Standard Features Are Built On Quality.

11

11) Industry Leading Guarantee

Hydropool Hot Tubs are built to stand the test of time and offer an Industry Leading Guarantee package. For details on coverage inquire with your local Hydropool Retailer.

12

12) High Flow, Triple Fastened Manifold Plumbing

Hydropool Serenity Hot Tubs are hydraulically balanced to deliver maximum water flow at the jet while delivering a smooth, quiet and energy efficient experience. Plumbing joints are cemented onto barbed fittings and then further secured with a hydraulically installed galvanized steel clamp.

13

13) HydroWise Thermal Shield - Energy Efficient Insulation

Hydropool Serenity Hot Tubs are engineered to be the most energy efficient hot tub in the world. Our innovative Thermal Seal Blanket along with our superior 4" HydroWise Hard Cover keeps the heat in and the cold out. Combine this with our ability to utilize the excess heat created by the pump(s) and you can enjoy the benefits of hot water and hydrotherapy for just a few cents per day! Hydropool Hot Tubs are recognized by the state of California as an energy efficient appliance.

14

14) Clean and Clear Skimming Removable Core Micro Filter

Hydropool Serenity Hot Tubs are designed and equipped with the Removable Core Micro filter that is the easiest filter in the world to clean.

15

15) Super Soft Pillows

Every Hydropool Serenity Hot Tub includes strategically placed super soft pillows. Sit back and fully relax while enjoying the unmatched comfort of a Hydropool Serenity Hot Tub.

16

16) Safety Grab Handles

Built right into the hot tub mold on every Hydropool Serenity Hot Tub are a number of safety grab handles. These maintenance free grab handles help you out of the hot tub and move around its interior.

Personalize Your Hydropool Serenity Hot Tub With These Outstanding Options and Upgrades.

Standard Acrylic Colors*

All Serenity Hot Tubs are manufactured using only the finest cross link acrylic that delivers the ultimate in beauty and durability.

* Hot tubs colors may not be exactly as shown due to printing.
† Not available on SE models.

Cabinets Standard Dura Cabinet or Optional Everlast Cabinet Upgrade

Hydropool Serenity Hot Tubs come standard with our Maintenance Free Dura Cabinetry. This premium quality cabinetry is installed onto a sturdy wood substructure for great durability and is embossed for the most realistic look possible. In the unlikely event that you require access to the hot tub plumbing or equipment, all four panels are removable for easy service access. Choose from Driftwood, Midnight and Espresso finishes or you can upgrade to our Everlast premium finishes or real Cedar.

Cover Options and Accessories

All of our CoverLifters are made in North America. Constructed of corrosion resistant aluminum brackets and have galvanized arms with comfort foam grips. All our coverlifters are covered by a Limited Lifetime Manufacturer's Warranty.

Standard CoverLifter

Designed to work as a high or mid-mount, and can be mounted to the side of the hot tub or can be deck mounted if the hot tub is set into the deck surround. For ease of installation this coverlifter is designed with patented sliding brackets.

UnderMount CoverLifter

Designed to work as a deck or surface mount, and can be installed using the weight of the hot tub to hold it in place. No screws, no drilling into your hot tub cabinet is required. This coverlifter also is designed with patented sliding brackets.

Hydraulic Mount CoverLifter

Lifts your hot tub cover with greater ease thanks to 80lb dual gas shocks and is designed to mount into your hot tubs cabinet. This coverlifter can also be used on hot tubs that are in-ground installations.

StarFall Package Option

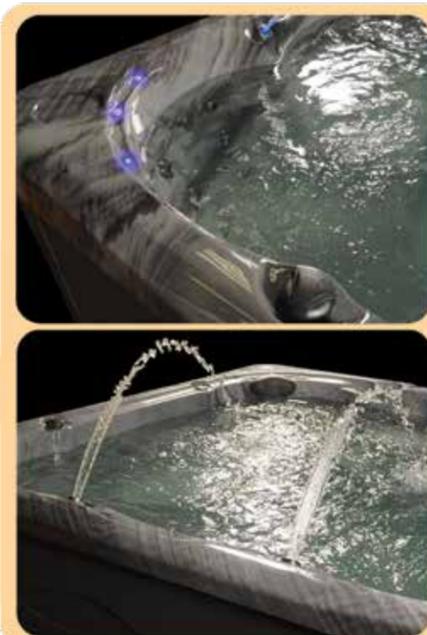

Offer these great features to take your Serenity Hot Tub to the next level of enjoyment in hot tubbing.

Star Lights

This upgrade offers strategically placed LED Lights that illuminate the lip of the hot tub. They are brilliantly coloured and when turned on can be locked on one preferred colour. When the Serenity falls are turned on the star lights will illuminate the falls as they cascade into the hot tub.

Serenity Falls

This option provides the soothing sound of cascading water & adds an element of visual attraction to dramatically enhance your hot tub experience. When turned on in combination with Star Lights this feature becomes doubly attractive.

Audio

Serenity Sound with Bluetooth, Surround Sound Speakers

The HydroTunes Sound System from Hydropool includes a AM/FM Tuner, Sub Woofer and Speakers.

Hydrotherapy Options

HydroFlex Air Therapy System

Every Variable Speed Air Therapy System is designed to offer you a privileged moment where up to 10,000 perfectly aimed air bubbles apply ideal pressure to provide you with an all encompassing therapeutic massage.

Your physical, emotional, mental and energetic needs are the inspiration behind everything we do. The range of pressure created by the air therapy system offered has been meticulously developed to soothe your mind and nourish your body and soul.

Lighting Options

Deluxe LED & Garden FX Lighting

The deluxe LED lighting upgrade adds 3 additional LED lights (making a total of four) to the hot tub interior and helps you relax while enhancing your hot tub experience. The addition of the Garden FX lighting creates a safe entry and exit point to the hot tub at all times.

I Command System WORLD EDITION

The Smart Phone App that is designed as a wireless hot tub control which allows you to pick the water care settings that fits your schedule, adjust filtration and temperature settings & create the ideal hot tub experience from any where in the world.

Steps

Matching Two Tier Step

Hydropool's optional two tier step makes entering and exiting your hot tub safe and easy. These steps are available in Clear Cedar or in Everlast Driftwood, Midnight or Espresso finishes.

Other Popular Upgrades & Options

40, 50 Or 60 Amp GFCI With Sub Panel*

In order to ensure that bathers are fully protected while using their hot tub, a ground fault circuit interrupter (GFCI) must be installed.

Water Management

EZ Ultra Pure Ozone System

When mixed with water ozone is a highly effective oxidizer that assists in removing unwanted contaminants from the hot tub water.

Automatic Chemical Feeder

Conveniently located in the filter area, the Automatic chemical feeder treats the water with Bromine or Chlorine. This ensures that the bathers are fully protected and that the hot tub water is safe and bacteria-free.

Worry-Free and Convenient Watercare Systems

Choose the EZcare Watercare System.

The World's Only HydroClear PureWater Hot Tub.

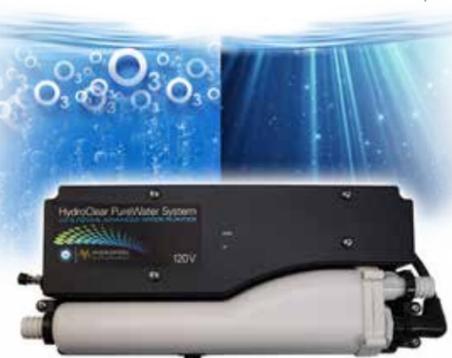

If getting into a hot tub that is clean and safe everytime is important to you, Hydropool is now offering the most efficient water purification system in the world, combined with the Serenity hot tub filtration making treating your hot tub water automatic.

1) Purify - Ozone

- Water passes through the patented Micro Cell.
- Treats the hot tub water with Ozone (Natures Oxidizer).
- This rapid oxidation reduces chemical usage by 50%.

2) Exposure to UV Light

- The Ozone treated water then passes through a UV Chamber exposing it to a high volume of UVC light.

3) Advanced Purification (1+1=3)

- This combination of UV and Ozone creates the HydroClear PureWater System.
- By creating active oxygen it removes any Calcium or BioFilm inside pipes.

5) Automatic...

- PureWater System is on when your hot tub is circulating.
- The Quick Diagnostics shows everything is in working order.

4) Reduces...

- Shocking your hot tub water.
- Our PureWater System eliminates 99% of all contaminants.

The Hydropool Evergreen Commitment Enhances Your Life In More Ways Than Ever.

Hydropool's Evergreen Commitment allows our customers to rest comfortably knowing they are enjoying a premium hot tub or swim spa experience that will enhance the environment as well as their lives for years to come.

The World's First Carbon Neutral Hot Tubs and Swim Spas Hydropool is committed to minimizing and neutralizing the carbon emissions from our manufacturing processes. Our lean manufacturing initiatives are constantly reducing the size of our carbon footprint. Our Tree Planting Initiative Program ensures that we support environmental projects that neutralize the carbon emissions in our manufacturing processes.

The World's First Approved Hot Tub and Swim Spa Manufacturer to the Standards of the state of California Hydropool is committed to be on the leading edge of developing energy efficient technologies. Our unique Self-Cleaning, and HydroWise Thermal Shield Systems enable us to meet the rigorous energy efficiency standards of the state of California.

Environmentally Responsible Printing Hydropool is committed to supporting responsibly managed forests in order to protect wildlife habitats, to ensure clean water and to keep our forests healthy for generations to come. Therefore, all of our corporately produced posters and brochures are printed by companies certified by the Forest Stewardship Council (FSC) on FSC approved paper.

Reduce, Reuse, Recycle Hydropool is committed to reducing the waste that we send to landfills. In addition to Lean Manufacturing initiatives which reduce and/or reuse waste materials we are also engaged in a corporate wide recycling program. Even the Everlast Cabinetry on our hot tubs and swim spas are recyclable.

OUR MANUFACTURER COMMITMENT TO YOU

- Lean manufacturing reduces costs to fund carbon offsetting
- Our reduce, reuse and recycle programs minimize waste
- We use paper from well managed forests and other controlled sources
- Everlast Cabinetry is 100% recyclable

OUR CONSUMER COMMITMENT TO YOU

- 100°F / 37°C The EXCLUSIVE HydroWise Insulation System provides energy efficient heating
- SAFE WATER GUARANTEE The Self-Cleaning System provides energy efficient water filtration

Under the Hydropool Evergreen Commitment we plant tree for every hot tub and swim spa sold. (For more information please go to treecanada.ca)

The Company Behind Every Serenity Hot Tub.
